

MOTOR VEHICLES DEPARTMENT KERALA

VEHICLE LOCATION TRACKING SYSTEM

- Following models of VLT devices has been found by CDAC to be suitable for integration with the Vehicle Location Tracking Project (VLT) to be implemented by Motor Vehicles Department(MVD) Kerala.
- The Vehicle owners can procure and install any of the listed VTU devices or other units provided they are capable of integration with the VTMS project software which is to be certified after testing by Centre for Development of Advanced Computing, Thiruvananthapuram (CDAC-T).
- This list is only to be used as a reference and the responsibility of procuring the right device and getting support for the devices is the sole responsibility/discretion of the vehicle owners.
- More models will be enlisted as and when CDAC tests and certifies the models.
- All interactions for procurement, installation and support for the VTU shall be between the vehicle owner and the manufacturer/distributor of VTU and MVD will not have any role/responsibility in this regard.
